Subject: Harvest interns for Bedell Cellars?

Hello Gail, Kathleen and Murli,

I hope this email finds you enjoying a lovely Iowa spring! I'm writing to inquire if you know any ISU students or recent grads who could work as harvest interns at Bedell Cellars this fall? We had great success with Jennie Savitz many years ago and also enjoyed Tyler Stallman last year. We love hard workers who aren't afraid to roll up their sleeves and get real dirty in the cellar during harvest.

In the past we've typically had at least one Cornell student from viticulture & enology and I'd like to have an Iowa State grad or student too if possible. They'd have to relocate to Long Island from August through December and we pay \$12/hour plus overtime during harvest. Tyler now works as a wine tasting bartender in our Tasting Room part time and also assists with winemaking at a neighboring winery.

Please have any potential candidates email me their resume as soon as possible -- we're hiring right now! They should check out my website below for more info. I will be on campus in Ames from May 27-31 for a Board meeting, so I'd like to interview candidates in person then.

Thanks for any leads you can rustle up! Hope to see you soon.

All the best,

Trent
